Project Recap

Social Buzz is a fast growing technology Unicorn that need to scale quickly globally. We at Accenture focused here on these tasks:

- **An audit of Social Buzz's big data practice**
- **Recommendations for a successful IPO**
- **Analysis for top 5 content categories.**

Problem

- Over 100,000 posts per day
- 36,500,000 pieces of content per year!

But how to capitalize it when there is so much?

Analyze to find top 5 categories and their percent market share.

Insights

- Top 5 categories are in which maximum number of posts are there and there are the categories which are performing best.
- Here we also find the percent share of each category.
- In analysis we also got month wise and year wise number of posts and on basis of that we conclude that which month has maximum number of posts.

Monthwise Posts

Summary

➤ Top 5 categories are:

- **Animals**
- **Science**
- **Healthy eating**
- **Technology**

○ **Food**

➤ Maximum number of posts in a month are **2138 in May, 2021** and year wise posts are:

- In **2020** – **2114 (Aug.)**
- In **2021** – **2138 (May)**

Thank you!
